- **Static IP Address**

Your monthly Broadband Allowance

Availability and Qualification

Phone Systems Brisbane ADSL2 is provided via Telstra ADSL 2 DSLAM network. To qualify you must have a fixed line service connected to the Telstra network and Telstra Dslam equipment available in your area. Not available to all customers in all areas. Business Broadband will deliver speeds of up to 20Mbps at selected exchanges where ADSL2+ is available and up to 8Mbps/384kbps in all remaining ADSL enabled exchanges. DSL Speeds are theoretical maximum speeds based on Telstra tests. Actual speeds may be less due to a number of factors including network configuration, line quality & length, exchange type, customer premises, interference, traffic, hardware and software
