

## Critical Information Summary: PSB SIP End Point

### Information about the service

Phone Systems Brisbane (PSB) Sip End Point is a Voice Over Internet Protocol service.

Your plan is for a post-paid SIP Trunk Service. It gives you access to our network, a phone number, and lets you make and receive calls from your SIP trunks to other landlines and mobile phones. In order to access the Service, you will need a dedicated fixed line broadband Internet connection, such as ADSL 2+.

You will also need an IP enabled PBX and may need extra hardware depending on your requirements e.g. phones, a router, switches.

We recommend that the service be accessed with hardware supplied or approved by us, using a broadband ADSL2+ or SHDSL service supplied by us to our specifications.

### Bundling Requirements

No bundling requirements for this service.

### Minimum Term

There is no minimum term with this service.

### Availability

You can choose SIP Trunks if you have an ABN or ACN, and are a business customer. SIP End Points requires an active internet connection. Although not compulsory, Phone Systems Brisbane recommends using a Phone Systems Brisbane ADSL or SHDSL connection, dedicated for voice.

### What is included and excluded?

Calls between SIP End Points on the same account are included in the monthly charge. Additional charges apply for other call types.

### Equipment

Although not compulsory, Phone Systems Brisbane offers equipment in conjunction with this plan. To make calls you will need IP Telephone Handsets to connect to the Ethernet port of your ADSL2+ modem router, or an alternative Gateway device.

### Information About Pricing

#### Minimum monthly charge

Your minimum monthly charge is \$44.00 – This is for 1 DID number. You pay an additional amount for the calls you make each month which are not included in the minimum monthly charge.

### Included Calls

Calls between SIP trunks on the same account are included in the monthly charge.

### Early Termination Charge (ETC)

There is no ETC. Service can be cancelled at any time, pro rata charges for monthly usage.

# **Critical Information Summary: PSB SIP End Point**

## **Billing**

Your service is invoiced on the same date each month (Due 15th of every month). We bill you in advance for the minimum monthly charge and in arrears for calls not included in the minimum monthly charge. Your first invoice will be higher because it will include a partial Monthly Fee billed in arrears (for the period between your service activation and your first invoice) plus the Plan Fee for the following month billed in advance.

## **Other Information**

Phone Systems Brisbane's SIP End Point Service is a Voice over Internet Protocol (VoIP) service and requires a suitable terrestrial broadband Internet connection. The service including '000' dialling, will not function in the event of a power failure or disruption or an Internet outage. If there is an interruption to the power supply, the service, including '000' dialling will not function until power is restored. Digital Phone Service is not suitable if you are a customer with a serious illness or life threatening condition, if you require disability services, if you have a back-to-base home alarm system or if you require an uninterrupted phone line.
